

February 20, 2021

Dear Members of the Manitoba Law Society,

I am writing to thank you for choosing to participate in our annual Read-athon. The importance of your presence goes without saying, but basically, it has allowed for kids to be able to sit down and simply read (which has become increasingly rare.) As a result, you allow for WBYO to continue running this brilliant event. Receiving funds has also had an impact on my academic career in that it has motivated me to continue to pursue my vision of my future career. I am working my way towards becoming a medical doctor and creating positive change in the world. With your support, I will work hard to bring growth and wisdom into my life and will never forget your eagerness in lending a hand in my journey and others like me.

West Broadway Youth Outreach has always been a program that has encouraged me in my journey. I joined the program when I was 7 years of age and since then, I have had countless experiences and lessons that I will take with me everywhere I go, including the Read-athon. As a 19-year-old, I now realize that the Read-athon has allowed me to cultivate the habit of reading. This habit has helped vastly in my pursuit to bring my future goals and aspirations to fruition.

Lastly, because of your support, I am now inspired to one day be able to give back to my community just like you've assisted WBYO. I thank you once again for your confidence and willingness to help and support WBYO and the Read-athon. I am very much looking forward to it!

Sincerely,

Fatih Oladeji

2nd year participant at WBYO

11th year at WBYO and
now dedicated volunteer
