

Étude d'avocats TLR Law Office and Estate Attorneys of Manitoba, both operated by P.J. Richer Law Corporation, are innovative law firms. We strive to redefine the delivery of legal services and make law more accessible to Manitobans.

We are expanding our areas of practice and are looking for a family lawyer for a permanent position. The ideal candidate will help develop a conciliatory practice with a focus on delivering estate plans for blended families. This is also an opportunity for a family law practitioner to diversify into other areas of practice.

We practice in the areas of residential real estate, estate planning and administration, and corporate/commercial law with an emphasis on small businesses.

We offer a salary plus commission with benefits and a group RRSP to which we contribute. Salary and commission will be negotiated based on your experience and ability to develop new clients. However, you are not expected to generate all your work. We have an established marketing budget that generates calls from new clients.

Should this position interest you, please contact Philippe at richerp@tlrlaw.ca to initiate a discussion.
