

# Bennet Waugh Corne

— BARRISTERS & SOLICITORS —

Bennet Waugh Corne, a boutique family law firm in Winnipeg, invites applications for an associate family law lawyer. Our 7-lawyer team is experienced with litigation, negotiation and cooperative methods, collaborative practice and conducting mediation and arbitration. We provide services in the complementary areas of real estate, wills and estates, and civil and estate litigation, offering supportive services and knowledge base to our practice of family law. Practice area is not limited to family law but the successful candidate will receive firm referrals primarily in this practice area and family law will comprise a significant part of their practice with our firm.

We welcome different approaches and support creative solutions.

The ideal candidate will have 7 plus years of experience, and must possess a keen interest in family law. More junior lawyers who are motivated and possess a desire to learn will also be strongly considered. While the position requires a diligent lawyer who will have conduct of his or her own files, the associate will be given ongoing mentorship to further develop their practice and legal career.

The successful candidate will possess integrity, good judgment, a common sense approach and a desire for continued growth and development. We are seeking an ambitious lawyer who not only has demonstrated abilities, consistent with their seniority, but also has outside interests, a positive attitude, and gets along well with co-workers.

We are a busy firm, with a very strong referral network which brings us diverse, interesting and well-compensated files.

Bennet Waugh Corne has always been a forward thinking firm as it relates to the importance of work-life balance, and supporting family demands. Associates enjoy flexible work arrangements, a practice embraced for many years, and now including hybrid remote work options. We embrace “giving back” and volunteerism by our members, if they are so inclined, and based upon individual interests.

Our recently renovated, modern offices, which include both traditional and collaborative meeting spaces, are located in the historic and vibrant Exchange District, a moment’s walk from Portage and Main and minutes’ drive from the Law Courts. Individual lawyer offices are well-appointed. You will be paired with support staff. Requests to consider hiring your existing support staff, to continue as part of your team, will be considered, if there is mutual interest.
