

Partnership Opportunity

St. Mary's Law LLP is looking to add one or two experienced lawyers with their own practices. You would be asked to join our well established (2013) firm as a partner. We are a collegial firm of 6 lawyers with a couple of retirements coming up, so we will have space for you. Our lawyers' practices are primarily in real estate, wills and estates and family law, but we are not restricting our new partners to any particular area of law. We are located on St. Mary's Road in Old St. Vital in a modern building. Clients often comment on how much they feel like it's a "home".

The office is close enough to downtown and the Law Courts to be a quick 15 minute drive, but also far enough out of downtown to feel much more relaxed. Ample free street parking is another thing that clients love about our location.
